STREET DIRECTORY

AND GUIDE TO

SUMMER RESIDENCES

COPYRIGHT, 1915, SAMPSON & MURDOCK CO., BOSTON, MASS.

(See also List of Summer Residents)

Giving the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 220 is located, you look at Broadway, and find that Gould Street runs from 202, and Park Street from 226, showing that 220 would come on the left, between Gould and Park Streets

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist

*Indicates streets accepted. **Indicates part of street accepted
